

# PUBLIC LANDS, ENERGY, AND YOU

## OIL

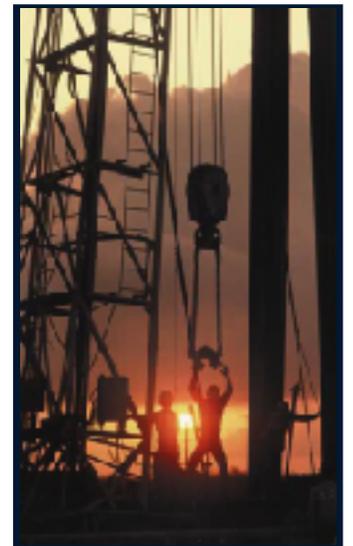

### DID YOU KNOW? \_\_\_\_\_

- Petroleum is America's leading source of energy
- 97% of the energy that drives America's transportation comes from fuels made from oil
- An average of 20% of a farmer's production costs are for fuel

## ROLE OF PUBLIC LANDS

- 5% of America's oil is produced from onshore public lands
- Over 100 million barrels of oil came from onshore public lands in Fiscal Year 2002
- Approximately 7.8 billion barrels of technically recoverable oil are estimated to be under public lands
