A new guide for the preparation of title evidence in land acquisitions by the United States of America, titled Title Standards 2001, was published to the following Department of Justice electronic site:

<http://www.usdoj.gov:80/enrd/title.htm>

The first 18 pages of the document are attached for your information, and contain information relative to the legal requirements for federal land acquisitions. Pages 19 through 39 contain copies of forms necessary for completion by staff who are responsible for meeting the legal requirements, and those pages can be found by accessing the above-cited site.

All staff and managers who are responsible for land acquisitions should be familiar with the contents and requirements under this guide, which is published by the U.S. Department of Justice, Environmental and Natural Resources Division, Land Acquisition Section.

If you have any questions, please contact Joy Zeitelhack, Arizona Acquisition Program, at (602) 417-9229.
