EMAIL TRANSMISSION - 12/2/03
Information Bulletin No. MT-2004-013

To: Field Managers

From: Deputy State Director, Division of Resources

Subject: Updating of Approved Herbicide Formulation and Adjuvants

Please see the attached Washington Office Information Bulletin (IB) No. 2004-30. This IB has the latest updated list of herbicide formulations and adjuvants that are approved for use on Bureau of Land Management (BLM) administered lands. Please ensure that all of the County Weed Districts personnel and other cooperators receive a copy of these lists and that they only use these approved formulations.

Now is an excellent time for all Field Offices and Field Stations to review Pesticide Use Proposals (PUPs) and update them if necessary. You are required to submit PUPs using the electronic version that was developed by the Montana State Office (MSO) during FY 2003. The electronic method has many advantages over the old system of hard copies.

If you have any questions, please contact Hank McNeel, MSO Weed/Pest Specialist, at (406) 896-5043.

Signed by: Chun C. Wong for Howard A. Lemm

Authenticated by: Merry Prestridge (MT923)
