Subject: Minutes of the National Uniform Committee Meeting

The National Uniform Committee met in Denver, CO, on August 6 and 7, 1997. Attached are the minutes of that meeting. The focus of the meeting was the preparation for a new uniform contract and to revitalize and simplify the program, as directed by the Field Committee.

The major changes include:

- New designations for the various components. The Class A uniform designation will be for Law Enforcement personnel only. The Class B uniform has been renamed "General Use", intended for the principal "public contact" uniform. The Class C uniform has been renamed "Utility", and is intended for rough service and field work.
- Authorization for Law Enforcement personnel to procure speciality items from non-contract sources.
- Several specific "component" changes. The recommendations of the Committee for new or discontinuance of specific components, as outlined in the minutes, have been approved by the Assistant Director, Business and Fiscal Resources.

Questions may be referred to Robert Pinkney on GroupWise or by calling (303) 236-9420.
