Subject: Federal Register Distribution List

DD: 4/3/98

Attached is a memorandum from the National Archives and Records Administration requesting an update to our current Federal Register requirements. The directive contains a listing of what our present requirements are and the addresses they are being shipped to. Please look over the appropriate line entry and indicate any changes in the quantity ordered and the address.

The Federal Register is available electronically through the GPO Access Service at: <http://www.nara.gov/fedreg> Since this publication has become available electronically, many of our offices have taken advantage of this format and have been able to eliminate or reduce the number of paper copies they receive. This is an excellent opportunity to continue this trend and further reduce the number of paper and microfiche copies we order. Please consider this as you complete the attached listing.

This request should be returned to Lee Campbell (BC-650B) by April 3, 1998. If you have any questions or would like any additional information, Lee can be reached at (303) 236-9422. Responses may be faxed to (303) 236-9470.
