To: All Washington Office and Field Officials  
From: Director, National Business Center  
Subject: Release of the Bureau of Land Management's 1999 Annual Report

For the fifth year in a row, the Bureau of Land Management (BLM) has published an Annual Report that presents a very impressive list of accomplishments, including an unqualified (clean) audit opinion on our FY 1999 financial statements.

Our clean opinion enhances BLM's credibility with Congress, the Department, and the taxpaying public. It furthers our reputation as a well-run agency.

The 1999 Annual Report will be distributed in early July. Each State and Field Office will receive several copies to route to employees. Please pick this report up and thumb through it to see what we have all accomplished to serve our many constituencies and maintain the health of the land.

In addition, the Annual Report will soon be available on BLM's National Home Page and the National Business Center's home page. Look for this on the Web in a few weeks.
