Subject: 1999 Department of the Interior Safety and Occupational Health Seminar

The attached memorandum from Mari Barr, Department of the Interior Designated Agency Safety and Health Official, announces the 1999 Department of the Interior Safety and Occupational Health Seminar. The Seminar is the preeminent training and networking opportunity for both State Safety Managers and collateral duty safety officers available this year.

The information in the memorandum has already been provided to your State Safety Manager. Please aggressively support the BLM Safety Program by ensuring both your State Safety Manager and collateral duty personnel are afforded the opportunity to attend the Seminar. Their attendance will pay great dividends for your state safety program in the future.
