Office Employees

From: Director, National Human Resources Management Center

Subject: Blood Drive Program

The Denver Federal Executive Board (DFEB) would like to thank all employees who have given their support and who continue to give their support for the blood drive program.

As you know, the blood drive program is one of the most important efforts in which Federal employees may participate in. A continuous supply of blood from volunteer donors is essential to the health and welfare of our community. The DFEB asks that you continue to support and commit yourselves to this very worthwhile community service.
