The Way of Transitions: Embracing Life's Most Difficult Moments

Since 1980 Bridges has successfully guided organizations and individuals through parts of crisis and change and is recognized as the guru on transitions. However twenty years later, he was confronted with his wife's battle with cancer and her subsequent death. Devastated by his loss, he found that all his hard-earned wisdom could not fill the painful void. Out of Bridges' personal struggles, he allows us to journey with him through his own most difficult time. His candidness and honesty inspire -- giving us renewed hope in facing life's unexpected challenges.
