EMS TRANSMISSION: 3/26/03
Information Bulletin No. NV-2003-060

To: Field Managers, Nevada

From: Deputy State Director, Natural Resources, Lands, and Planning

Subject: Forest Health Protection (FHP) – USFS Assistance

The USFS Ogden Field Office provides important Forest Health Protection (FHP) services to our Field Offices with forest and woodland resources. The importance of early detection, evaluation and analysis of forest health issues is critical to our long-term management objectives. These FHP services are nationally funded; there will be no charges to our Field Offices.

Attached is a letter and assistance form describing the USFS expertise and services. Please identify your management needs by completing the attached form, and submit by April 15, 2003. Send your reply in the mail, or FAX your reply to (801) 479-1477, or email to vdeblander@fs.fed.us. Please provide copies of your requests to Pat Murphy, Forestry Program Leader at the Nevada State Office.

If you have questions, you may contact Pat Murphy at 775-861-6466.

Signed by:
Meg L. Jensen
Deputy State Director
Natural Resources, Lands, and Planning

Authenticated by:
Isela Flores
Staff Assistant
