From: Deputy State Director, Natural Resources, Lands & Planning

Subject: Appropriate Management Levels (AMLs) Status

DD: 7/15/2003

Attached is a data call requesting the status of appropriate management level (AML) establishment for all Nevada herd management areas (HMAs). Please forward the information using the attached format to Susie Stokke, Wild Horse and Burro Program Lead, by July 15, 2003. Data will be used to determine which Nevada HMAs have/do not have an AML established.

On June 2, 2003, the State Leadership Team agreed to pull together a small work group to explore options designed to ensure that Nevada establishes AMLs for all herd management areas in 2005. A first step is to determine which HMAs (and which allotments within those HMAs) will need the AML established.

If you have not already done so and would like to nominate a representative from your field office to the AML work group, please forward your nomination to Susie Stokke by July 15, 2003.

Please contact Susie Stokke at (775) 861-6469 if you have any questions or need additional information.

Instructions:

1. Ensure that all Herd Management Areas are listed in Column 1.
 2. Ensure that each HMA has the correct herd code listed in Column 2.
 3. List the office organization code for the office with the responsibility for managing the HMA/ establishing the AML.
 4. For HMAs with AMLs established, list the fiscal year in which the AML was established (replace the "X" with a year).
 5. For HMAs where AML is not established, list the year you plan to complete/establish the AML. (Assume current approach, staffing and funding).
 6. For the HMAs in column 5, list the allotments for which AML must be established.
 7. List any additional comments that explain the existing situation or may influence AML establishment.
- PLEASE MAKE ALL CHANGES IN BLUE.**
