Name	Description	Type of User	Numb Users	OMB No.	Finish	Post-2003 Future	E Sig	Size	No.
43 CFR 3860 & 3870 – Mineral Surveys, Mineral Patent Applications, Adverse Claims, Protests, & Contests	This collection is used to determine if a mineral patent applicant is entitled to receive a land patent to his mining claim(s) and/or mill site(s) pursuant to the General Mining Law of 1872, as amended. It is also used to resolve all administrative and legal challenges to the mineral patent application that arise under the General Mining Law by rival claimants, the public, or the Government.	Business or other for-profit	255	1004-0025	Unknown	Fee payments can be accepted electronically. The filing of the other documents and affidavits are required in original form and cannot be electronically substituted. Consider combining with OMB Control # 1004-0114.	Yes	large	1445

Name	Decription	Type of User	Numb Users	OMB No.	Finish	Post-2003 Future	E Sig	Size	No.
Actual Grazing Use Report	Grazing lessees and permittees provide information on the actual amount of livestock grazing use made on public lands within a specified period of time to BLM for billing of grazing fees and for monitoring the resource conditions on public lands. Form 4130-5 is used to provide this information to BLM.	Farms	15000	1004-0051	Unknown	BLM plans to automate as many transactions as possible; risk/cost-benefit analysis for electronic submissions have not been completed so that management can project dates. Considering combining OMB Control Numbers 1004-0005, 1004-0041, 1004-0051.	Yes	large	1447

Name	Decription	Type of User	Numb Users	OMB No.	Finish	Post-2003 Future	E Sig	Size	No.
Alaska Reindeer Grazing -- 43 CFR 4300	BLM needs to collect information from Alaska Native permittees under its Reindeer Grazing Program to assess the compatibility of grazing on the land with the multiple-use objectives for the area.	Individuals or households	6	1004-0182	N/A	We have a low number of permits administered (15) and very few new applications received. This activity is due to the unavailability of open public lands suitable for reindeer grazing activities in Alaska.	No	large	1488

Name	Decription	Type of User	Numb Users	OMB No.	Finish	Post-2003 Future	E Sig	Size	No.
Alaska Veteran's Native Allotment Regulations and Application Form, Public Law 105-276	On October 21, 1998, Public Law 105-276 was enacted. Sec. 432, Open Season For Certain Alaska Native Veterans For Allotments, requires BLM Alaska to solicit information on an application form to determine if applicants meet the requirements of the law to obtain 160 acres of federal land. The information received in the application will enable BLM to adjudicate these applications for the estimated number of veterans	Individuals or households	732	1004-0191	N/A	The application period for applying with the form is January 31, 2002, and most of the applicants do not have any type of electronic access even if it were made available on a web site.	No	large	1490

Name	Decription	Type of User	Numb Users	OMB No.	Finish	Post-2003 Future	E Sig	Size	No.
Application for Land for Recreation and Public Purposes	The BLM uses the information to determine if an individual is eligible to make a desert-land entry under the Desert Land Act as amended (43 U.S.C. 231, 321 et seq.), for agricultural purposes.	Not-for-profit institutions	25	1004-0012	N/A	The information collection is specific to each individual applicant and does not lend itself to standard forms and/or formats. This is not a program priority at this time.	No	large	1470

Name	Decription	Type of User	Numb Users	OMB No.	Finish	Post-2003 Future	E Sig	Size	No.
Application for Permit to Drill	Data submitted by oil and gas operators is used for agency approval of proposed drilling operations through review of technical and environmental factors.	Business or other for-profit	4000	1004-0136	Unknown	BLM plans to automate as many transactions as possible; risk/cost-benefit analysis for electronic submissions have not been completed so that management can project dates. Considering combining 1004-0135, 1004-0136, and 1004-0137.	Yes	large	1459

Name	Decription	Type of User	Numb Users	OMB No.	Finish	Post-2003 Future	E Sig	Size	No.
Application for Transportation and Utility Systems and Facility	Title XI of the Alaska National Interest Lands Conservation Act requires the use of a consolidated form by the Departments of Agriculture, Interior, and Transportation in connection with applications for rights-of-way. The agencies will determine the validity of uses proposed by private individuals and other qualified proponents from information provided by the proponent on the application form (SF-299).	Business or other for-profit	4900	1004-0189	Unknown	This is not a program priority at this time. Considering combining OMB Control Number 1004-0175, 1004-0107 1004-0188, and 1004-0189 to make a more cost-effective solution.	Yes	large	1456
