Dear Mr. Allen:

It's a real pleasure to be part of awarding you this Certificate of Recognition for your outstanding service to the public and awareness of the public land resource values.

We realize that it's not always easy to be conscientious about service to the public; about conservation of the natural resources; and about adhering to all the rules pertinent to guiding permits on BLM - administered lands. But you folks have done an excellent job on all counts, and we appreciate that. We feel that we've had a good professional as well as personal relationship; and that we can speak for many in expressing our gratitude in this way.

We could list many details such as real professionalism; clean camps and attention to other details; work and resource ethics; service; promptness; willingness to work together, etc. But all the details boil down into what we want to recognize your organization for - being of great value to the general public, the community and this land management agency.

Thanks and Congratulations!

Sincerely,

Jack Kelly
