

BLM Open House

Wednesday, October 13, 2004 from 10am - 2pm

Come and visit us any time between 10am and 2pm, to learn more about the National Integrated Land Systems (NILS) GeoCommunicator (www.geocommunicator.gov), an interactive, web-based land information website that provides a state-of-the-art solution for the distribution of spatial data including PLSS, Federal Land Stewardship and BLM Land and Mineral Use Records.

Live demonstrations will be given, as well as time for Q&A and hands-on practice with the program.

Free refreshments and giveaways!
